The ratio is 1:1 of each ingredient (26.83 grams) except Acacia (120 grams per ½ pound).

**Each level teaspoon is approximately 3 grams with 75 servings per 1/2 pound.**

**The recommended serving size is 1/2 to 1 level teaspoon, 2 to 6 times a day, with or without food. Pour water into the powder, stir and drink (cold or warm). Or, sprinkle on cooked food and stir before eating.**

**PLEASE NOTE:** We have removed Trehalose Sugar and Tragacanth Gum while increasing the Acacia Gum content. 85% of Tragacanth Gum was insoluble fiber resulting in few benefits for the price as compared to Acacia Gum and Ghatti Gum. Trehalose Sugar can also be a problem for some people that suffer from C-Diff susceptibility. Please read more about this issue at <http://trehalose.net/>
